

NanoEurope 2007: Best Poster Awards

Within the NanoEurope conference, Nano-Cluster Bodensee organizes poster sessions to foster communication between industry and academia to promote young researchers. This year, more than 80 posters from research institutes and companies all over the world showed the wide spectrum of new scientific developments in nanotechnology. To reward the poster presenters for the extra effort it takes to prepare a top calibre contribution. Six awards for outstanding posters were given to:

Category winners “Textiles- / Medical- / Packaging Applications”

- H. Haufe, H. Böttcher, GMBU e.V. Dresden Germany
“A Functional sol-gel coatings on polymer surfaces“
- J. Zimmermann, S. Seeger, Institute of Physical Chemistry, University of Zurich and F.A. Reifler, G. Fortunato, L.C. Gerhardt, P. Barbadoro, Empa St. Gallen, Switzerland
